What is ACM-W?

ACM-W is the **Association for Computing Machinery committee on Women in Computing**. It celebrates, informs and supports women in computing, and works with the ACM-W community of computer scientists, educators, employers and policymakers to improve working and learning environments for women.

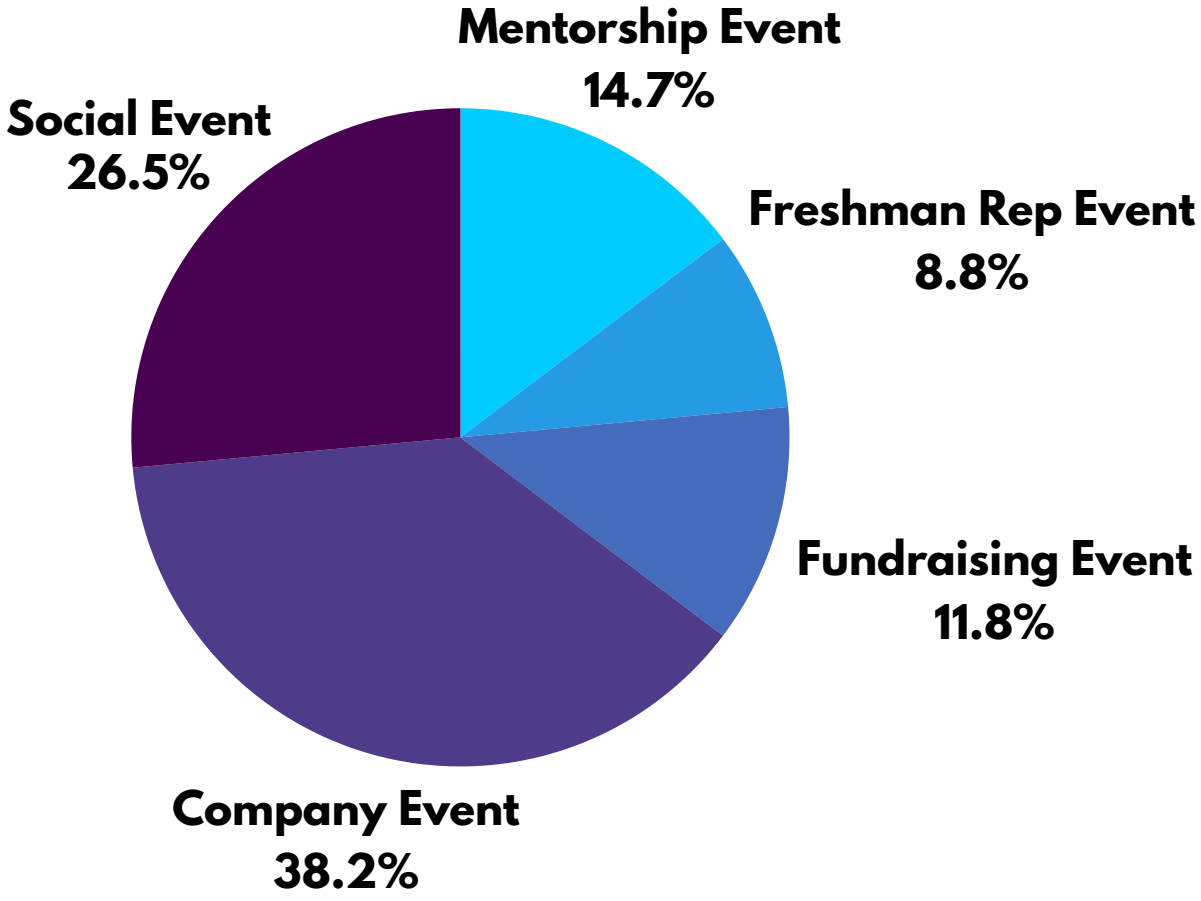

Who Are We?

The **RPI chapter of ACM-W** strives to recruit, engage, and rejoice in the accomplishments of gender minority computer scientists within the institute. By providing a variety of **workshops, networking events, and career advancement opportunities**, the chapter strives to create equal opportunity and diversification in CS-related fields. We welcome all women and gender minorities who are interested in computing and related fields to be a part of our chapter. We strive to be a safe space for people of all backgrounds, sexual orientations and gender identities.

2025-26 Overall Impact Statistics

Total Events	Event Attendees	Active Members (3+ events)

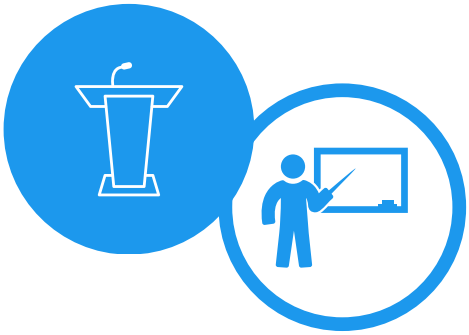

Vision • Goals • Mission

- Our chapter's vision **aims to recruit and engage gender minority computer scientists within RPI**, and to rejoice in their accomplishments. Through our various workshops, networking events, and career advancement opportunities, we seek to create equal opportunity and diversification in CS-related fields.
- We believe that by providing access to resources and opportunities, we can **empower our members to succeed and thrive in the tech industry**. Our ultimate goal is to help **break down barriers and promote diversity and inclusion in the field of computing**. We hope to inspire the next generation of women and gender minorities to pursue their passions and **achieve their full potential in the ever-evolving world of technology**.

Utilizing Sponsorship Funds

- **Common Events:** Sponsor events such as Computer Science Student/Faculty Meet and Greets, resume and leadership workshops, technical workshops/ interview preparation
- **GHC:** Sponsor club members to go to the Grace Hopper conference, which is a 3-day conference dedicated to celebrating and connecting women in computer science as well as providing workshops where participants can develop professional and technical skills.
- **"Women in Computer Science" Freshman Mentorship Program:** Sponsor the mentorship program where incoming freshman CS majors are paired with existing undergraduate CS mentors to help support their transition into RPI

Why Sponsor Us?

As a student-supported club, sponsors grant us the opportunity to **expand our reach, achieve our goals and create life-lasting opportunities** for ACM-W members to make a positive impact.

Grace Hopper Conference

GHC is the **world's largest gathering of women and non-binary technologists**. Conference presenters and keynote speakers are leaders in their fields, and the GHC experience offers professional development through many activities including **tech talks, workshops, mentoring circles**, and a career fair with top companies in the industry. Many RPI students have found internships and full-time jobs through the career fair at previous GHCs.

Sponsorship Packages

Perks	Baby Blue <$500	Sky Blue $500+	Steel Blue $1000+	Navy Blue $2000+
